## Principal's Notes

Hello everyone

### Return To School Next Monday

You are probably all aware of today's announcement that all students will be required to be back at school fulltime as of next Monday, 25.4.20. This is great news as we hope to get our school back learning fulltime as quick as possible.

### Extra Cleaning

As discussed previously we have extra cleaning of all high use spaces at mid-day each day (thank you to Cheryl for taking on this extra task!) as well as hourly cleaning of desks in all classrooms. Each learning space has hand sanitiser and students are spatially distanced at all opportunities. School continues to be a very safe space for our students to be.

### Parents in School

As we officially move to Phase 3 - all students return to school—we will be asking that all parents drop off and pick up their students from their vehicles outside the school gates. If parents need to enter the school to collect students, please do so via the Administration Office and apply sanitiser upon entry. If there is already another family inside the Office area, please wait outside. Thank you for your co-operation. Parents will not be able to attend assembly etc at this time. We will let you know as soon as we enter Phase 4, which allows for normal, full operation.

Please contact me if you want to discuss this or any other aspect of school operation.

Regards  
Mr Coleman,  
Principal.

### Happy Birthday

2nd Maya  
4th Ki-anne  
10th John & Kathren  
15th Harry

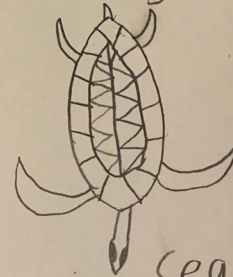

Manny

Sea Turtles

Appearance  
Sea turtles have a long neck. They have a carapace which means shell. The shell can be black. They have a small pointy tails.

Roger

Sea turtles

Appearance  
A sea turtle has a shell called a carapace. It has four flippers and a long neck. They have a triangle tail.

Jai

Sea turtles

Appearance  
Sea turtles have a long neck and a big shell. The shell is called a carapace. The carapace can be brownish green.

Emus

This week in Emus we continue our Mathematics lessons with Addition & Subtraction and Position. Students have been learning to count off decade to 120 and beyond. It has been pleasing to see students participate enthusiastically in our Mathematics 'warmup' activities each day.

## Home Readers

Each day students participate in a guided reading lesson with the class teacher and also read a familiar book from their reading tray to Naomi or Josh. The familiar reader becomes their Home Reader. However some students have not returned their 'Home Readers' for sometime. If your child has lost their reader and you are unable to find it I am happy to issue a new one!

In English, students are working hard during spelling activities. On Friday students did their weekly test with everyone coming to the teacher's desk when it was their groups turn. Some great results again this week. Well done to Charleigh and Jacinta who got 100% in their test. This week students will bring home their Spelling List so they can practice at home.

Mrs Shaddock. Josh and Aunty Naomi

# Perch.....

Hi all and welcome to Week 4.

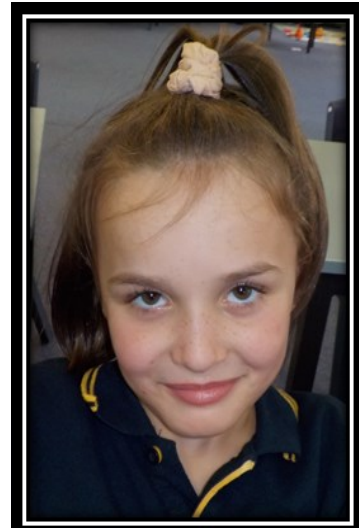

Another busy week is behind us and an even busier one ahead!

It is so good to have almost everyone back. We still have a couple of children "*missing in action*" but I'm sure that they will be back with us very soon.

Everyone that is in class is really trying their very best to complete work that has been given to them. It is wonderful to see that they are all so eager to try and as I say to them daily ... "It's not about making mistakes, it's about having a go and trying!" Mistakes are expected, respected and (hopefully) corrected! That is what learning is about.

It is fabulous to be able to go to the school Library each week. The children spend time looking at books, then they do an activity with Mrs W. Last week we began to read "Mr Twit." The start of the book was a big hit with Perch class as they heard some awesome adjectives to describe the main character in the book. We can't wait to see what he gets up to this week?

Last week's Student of the Week was Missy. Missy has been practicing her reading skills over the break and has gained such confidence! She is reading with such expression and it is fantastic to hear her reading aloud. Our two achievement awards went to Harry, who has been such a happy learner and Jakoda has been really trying to do everything that has been asked of her. Well done to you both.

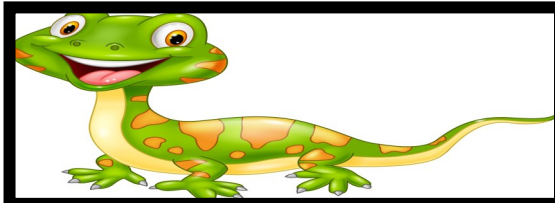

For now we would like to wish you all a very happy and safe week ahead.  
Ms Smith, Aunty Lisa, Wendy and Perch Class.

# Goannas

The weeks seem to be flying past here in Dareton Public School. Before we know it, 11 of our gorgeous superstars will be entering Year 7! This week we have been knuckling down with our work on British Colonisation. It has been very interesting to find out the perspectives of both sides and what impacts Colonisation has had on Indigenous people. I am so proud of the Goannas showing their upmost respect when listening to information from Uncle Will, who has a lot of knowledge about this topic. We have also been doing our daily Multiplication grid race, seeing more then half the class already on Level 2! For some of our Goannas, we will be starting a novel study on the book “Wonder”. I am so excited to start this with them as they delve deep into themes of empathy, compassion and perseverance.

I wish everyone the best for the coming week and as always, I am so proud to show off my incredible students.

Miss La Hood, Uncle Will and Aunty Courtney.

# SaCC News

## SaCC Playgroup Activity Packs

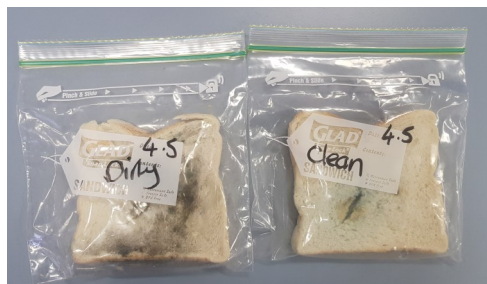

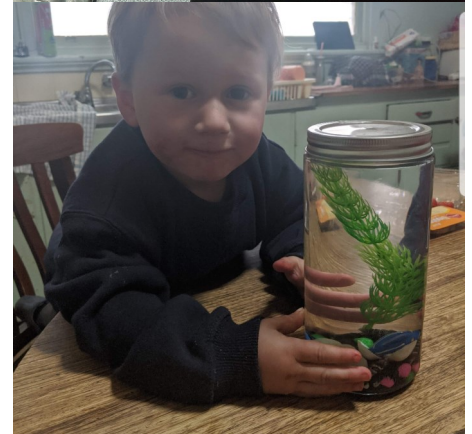

Last week in our Activity packs, we had Edible Playdough, Crazy paper Eyeglasses and Torn paper Shape collage.

We are receiving fantastic response and support from a lot of our families in our Community that would usually attend our SaCC programs.

It was amazing to see our families on Friday and have some time to have a chat and engage with the children. Looking forward to seeing you all again this week :)

Stay Safe!!

Shaina Collins SaCC Facilitator

## Clean Hands vs Dirty hands

I did an experiment about 1 —2 weeks ago around Clean Hands vs Dirty Hands.

I didn't wash my hands for about 2 hours and went about doing things I would normally do. I then got a piece of bread n rubbed n squashed my hands around it and placed in zip lock bag.

I went a washed my hands, sang Happy Birthday twice so approx. 20 seconds of washing and repeated the same thing with the bread ,except this time my hands were clean.

It really does show how important it is to wash our hands regularly and ensuring that our children do so as well!!
